

TO ARRANGE FOR WEBER'S EXHIBIT

Fair Officials Will Negotiate
Transfer.

HORSEMEN TO HAVE PADDOCK

THREE CARLOADS OF RUNNERS
ARE EXPECTED.

J. G. McDonald, acting president of the State Fair association, is to go to Ogden today to confer with William Raymond, William Craig and Thomas Elmering, executive committee of the Weber County Fair association, and other officials in regard to moving exhibits and concessions in to Ogden from Sept. 28 to Oct. 1, inclusive, to Salt Lake.

One of the most spectacular exhibits yet attempted at annual state fairs will be the electric fountain, a view of which may be obtained without additional expense after the admission fee has been paid. The fountain will be thirty feet in height and the official paddock will combine electric and magic fountain effects in one. Hundreds of incandescents will be used in the display. The fountain is to be one of a number of free spectacles which have been planned.

Many Horses Are Coming.
Never in the history of state fairs in Utah will horsemen and lovers of horse flesh generally have a chance to see such an aggregation of runners as they will have during the coming week. According to Bateman, the demand for carloads of runners this year is unprecedented.

"We are expecting three additional carloads of runners this week," said Mr. Bateman yesterday, "and the new arrivals will number more than the facilities to the limit. In fact there will be twenty new stalls rushed through in order to accommodate them. We find that great interest is being shown by prospective exhibitors."

Headquarters to Move.
Not alone in the equine exhibit has the fair association been fortunate. The swine exhibit this year will be nearly four times as large as that of any previous year. Every section of the state will be represented. In some instances exhibitors doubling the space reserved in 1903. According to the fair officials, space is being eagerly secured by stock raisers and exhibitors. It will be urged to get "moved in" to their quarters as quickly as possible. Official headquarters will be moved this evening from the Hooper block to the state fair grounds.

Some people may have a few choice bunches of grapes or other fruit, but not enough to make an entry for exhibition and prizes at the fair. If people will send such fruit to the horticultural department at the fair by sending their names and address to the fair, it will be duly labeled and exhibited to their credit by John P. Sorenson, inspector.

STUDYING THE INDIANS.

Miss Biggart Spends the Summer on the Desert.

Miss Mahelle Biggart, minister of the gospel, traveler, author and ethnologist, who arrived in the city from San Francisco a few days ago, will deliver a gospel sermon at 10 o'clock this morning in Barrett hall, Latter-day Saints' university. The topic of the sermon will be "Simon, the Cross Bearer." Monday evening, beginning at 8 o'clock, she will give her condensed dramatization of George Eliot's "Adam Bede."

Miss Biggart says of herself: "I began the study of ethnology when very young. My interest in the North American Indians began as early as I can remember."

"Subsequently, I took up the study of ethnology as a business. In its pursuit I have carried me around most of the globe, and has ended in my consecrating all of my gifts to the highest work for humanity."

"I landed Easter Sunday from Europe, and with the exception of pulpits and lecture engagements in cities on the Hudson of four weeks' duration, I spent the whole summer on the Painted Desert. I consider that there is much to be done for the Navajo and Mohave Indians, as well as other tribes. It is easier to criticize a government official's methods than to do the work required. I feel that there should be a concerted effort made for schools among the Navajos on their reservation. For many reasons non-reservation schools are of little practical value to them. They are a nomadic tribe, and they change their place of residence with their flocks of sheep, cattle and horses, waving their blankets as they go, and later returning to the same hogwashed so that schools should be established at equal distances over the 200 miles they cover on their journeys."

BRINGS SUIT FOR LAND

A. L. Burnham Wants Money
Due Him From J. M.
Stout in 1896.

A. L. Burnham has filed the papers in a suit against J. M. Stout, Adeline Stout and the Deseret Savings bank to quiet title to 6 2-3x7 rods in the northeast corner of lot 6, block 23, plat A, Salt Lake City survey. Previous to Aug. 1, 1896, Stout became indebted to Burnham in the sum of \$4,000 for money received. Oct. 27, 1902, Burnham brought suit in the Third district court for the principal with interest, costs and attorney fees, and was awarded a judgment Nov. 18, 1903, in the sum of \$3,923.55, with costs at \$9.20 and \$400 attorney fees. Burnham alleges that no part of this has been paid and is drawing interest at 8 percent from the date of the judgment. He states the Aug. 1, 1896, Stout purchased of William H. Lyon 6 2-3x10 rods in the northeast corner of lot 6, block 23, plat A, Salt Lake City survey, and holds it now in the name of Adeline Stout so creditors cannot reach it. Of this land a portion, 6 2-3x7 rods remains, which Burnham claims is the only property subject to levy. The bank has a claim on the land because of a mortgage given on it Sept. 21, 1899.

KUNKEL GETS MORE TIME.

Judge Stewart Grants Him Twenty
Days Additional.

Judge Stewart yesterday granted Mark Kunkel twenty days' additional time in which to prepare and file his bill of exceptions and motion for new trial in the suit against the Utah Lumber company. Kunkel built a house with lumber furnished him on credit by the company. The title to the property was not clear and liens were secured on it. In order to save itself from loss, the company, hand and away the house one night. Kunkel brought suit to recover the property.

ARGUE THE HICKEY CASE.

Plaintiff Wants \$15,500 Damages for
Injuries Received.

The attorneys in the suit for personal damages of Daniel Hickey against the Utah Lumber company started their arguments yesterday afternoon. Action was brought to recover \$15,500 damages because Hickey was squeezed between a wagon and a car. The horses attached to the rig became frightened at the sound of escaping steam from the cylinder of a nearby locomotive and backed into the car, catching Hickey between the two and injuring him. The attorney for the railroad moves for a nonsuit. The case will be continued Monday.

Mrs. Austin Gets Divorce.

Judge Hall yesterday granted Henrietta M. Austin a divorce from Frederick Austin on the ground of desertion. The couple were married at White Oaks, N. M., March 11, 1888, and the husband abandoned his wife Aug. 28, 1901. There are three minor children who were given into the custody of their mother.

Court Notes.

Joe Gallagher was yesterday sentenced by Judge Lewis to serve two years in the state prison for attempted burglary. He was convicted of breaking into a store at 400 West Second street May 17. The maximum sentence is ten years, but the court was lenient because the prisoner was intoxicated when the crime was committed.

Judge Stewart and Judge Lewis of the Third judicial district will hear law and motion cases today.

Lena Brown was yesterday granted a divorce from James Brown by Judge Hall on the ground of failure to provide. The couple were married Oct. 18, 1899, at Mant, and the husband has neglected to care for his wife since July 29, 1903.

In the case of George Felt against Alonzo Cook et al., a demurrer to the amended complaint was submitted without argument and overruled by Judge Hall. The court granted ten days in which to plead.

The suit of Jennie Smith against C. C. Smith has been set for Oct. 14, following Judge Hall's probate call. Mrs. Smith's attorney will then make a motion for alimony.

Judge Hall has granted Amanda H. Finch a decree of divorce from Alfred Finch on the grounds of desertion and failure to provide. The couple were married Jan. 20, 1903, and a few months later the husband deserted. The infant son is given into the care of the mother.

Cora M. White has secured a decree of divorce from Charles M. White in Judge Hall's division of the district court on the ground of neglect. The couple were married Feb. 22, 1902, at Howell, Mich. The wife was restored to her maiden name of Cora Stephens.

ARE GIVEN TILL WEDNESDAY.

Owners of Buildings Must Change
Doors by Then.

The notice to change the entrance doors so that they will swing outward has been served by Frank Lewis, building inspector, the second time upon the owners of the postoffice building, Kenyon, Wilson and Carlton hotels. The proprietors were ordered to comply with the law at once. Mr. Lewis considers ten days ample time in which to do the work. The limit will be up next Wednesday, and if the change is not made by that time the owners of the buildings which do not comply with the law will be prosecuted.

The building inspector will start in on the postoffice, whose inward swinging doors have caused the most inconvenience and criticism. The front door of the Kenyon hotel has already been changed and there only remain the doors at the ladies' entrance to be rehinged.

SEED IS BEARING FRUIT.

Eastern Capitalist Gives His Opinion
of Utah.

As a direct result of the Real Estate association's efforts in advertising the resources and opportunities of the city and state, W. L. Wright, a financier and capitalist of Boston, Mass., declared yesterday that he would return here in the spring for the purpose of making investments in Salt Lake. "I have traveled extensively through California and other parts of the west during the last two years," he said in the course of a half-hour's visit at the Real Estate association's bureau of information. "Salt Lake City is the best, the most promising town that I have seen. The wonderful fertility of the valley in which it is located, and the great richness of its surrounding mining districts render it certain that the town is bound to grow and prosper. I expect to return next spring to make investments in city real estate, as I am convinced that values will steadily increase for years to come."

POULTRY MARKET

HEAVILY STOCKED

Opening of Duck Season Will
Reduce Price on Chickens.

CONCORD GRAPES ON MARKET

FRUIT IS GETTING SCARCE, BUT
VEGETABLES PLENTIFUL.

For the past week the poultry market has been heavily stocked on account of the duck season opening today, and yesterday the wholesale price was quoted lower. Dressed chickens went down to 12½ cents a pound, but the retail price was not affected. After the duck season opens there is not much of a demand for chickens, and the price drops down. All the meat markets and grocery stores have ordered ducks for today and this afternoon the dealers expect a large supply. No price has been quoted on them, but they will be held up for the next two or three days.

A shipment of Ohio concord grapes arrived yesterday and the price went down to 25 and 30 cents a basket. A few black prince and Tokyo grapes came in from the coast and the price was reduced to 40 cents a basket. Yesterday's shipments were the first supply of fresh grapes that have been on the market this week, and for the next two weeks regular shipments of concord grapes will come in. But few changes were made in the quotations on the vegetable and fruit market. There is a good assortment of vegetables in season to be had, but the fruit has been dropping off.

Meat.

Beef, 15 to 20¢ per pound. Veal, prime, 12½ to 20¢. Mutton, 8¢ to 15¢. Pork, 12½ to 20¢. Dressed lamb, 12½ to 20¢. Lamb chops, 15¢ to 20¢.

Fish.

Sea bass, 15¢ per pound. Black bass, 15¢ per pound. Codfish, 15¢ per pound. Bar-racuda, 15¢ per pound. Idaho trout, large size, 20¢ per pound. Salmon, 12½ to 20¢ per pound. Halibut, 15¢. Striped bass, 20¢. Whitefish, 20¢. Mackinaw trout, 20¢. Sea bass, 15¢. Catfish, 15¢. Sardines, 15¢. Perch, 15¢. Salt mackerel, 10¢ to 15¢. Smelts, 15¢ per pound. Fresh codfish, 15¢. Lobsters, California, 75¢ per pound. Oysters, extra select, 90¢ per quart can. New York oysters, 75¢ a can, 50¢ dozen.

Poultry.

Hens, live, 15¢; dressed, 18¢ per pound. Spring ducks, 20¢ per pound.

Dairy Products.

Butter, creamery, 20¢ per pound. Ranch 15¢ to 20¢ per pound. Eggs, 25¢ to 30¢ per dozen. Cheese, Utah cream, 15¢ to 20¢ per pound. Eastern, 15¢ to 20¢ per pound. Imported Swiss, 40¢; brick, 25¢. Honey, comb, 15¢ box; strained, 50¢ per pint.

Vegetables.

Parsnips, two bunches for 5¢. Potatoes, new Utah, 30¢ per bushel. Sweet potatoes, 15¢ per bushel. Pickled cucumbers, 10¢ per bushel. Radishes, 25¢ per bunch. Cauliflower, Utah, 10¢. Tomatoes, 75¢ per bushel. Wax beans, 50¢ per bushel. Turnips, 20¢ a bunch. Young beets, 25¢ per bunch. Parsley, 50¢ per bunch. Carrots, 25¢ a bunch. Potatoes, Utah, 30¢ per bushel. California, 30¢ per bushel. Pickled onions, 10¢ per peck. Stock Springs subdivided, 10¢ per peck. Green, 50¢ per bushel. Yellow squash, 50¢ per bushel. Hubbard squash, 15¢ each. Egg plants, 50¢ each. Cabbage, white, 25¢ per pound, red, 50¢ per pound. Vegetable marrow, 25¢ to 30¢. Lettuce, 10¢ per head. Hot peppers, 10¢. Pumpkins, 10¢.

Fruits.

Black grapes, 2 pounds for 15¢; 40¢ basket; Tokay, 10¢ pound; 3 pounds for 25¢; muscat, 10¢ pound, 3 pounds for 25¢; Concord, 10¢ to 20¢ per basket. Canals, 20¢ per basket. Plums, 20¢ per basket. Pottowatamie plums, 50¢ per peck. Prunes, 50¢ per peck. Lemons, 20¢ to 30¢ per dozen. Figs, 50¢ per package. Oranges, Valencia, 40¢ to 50¢; Bananas, 50¢ to 60¢ per dozen. Utah watermelons, 10¢ to 20¢. Utah peaches, 50¢ to 80¢ per box. Utah apples, 50¢ to 80¢ per box. Pears, Utah, 30¢ per bushel. Bartlett, 20¢ per bushel. Flemish Beauty, 50¢ per bushel. Nectarines, 50¢ per bushel. Yellow plums, 50¢ per bushel. Grapes, 25¢ to 30¢. Crab apples, 50¢ per bushel. Pear tomatoes, 50¢ a case. Cranberries, 2 quarts for 50¢. German prunes, 30¢ a peck.

Grain.

Barley, 40¢ to 50¢ per hundred. Oats, 30¢ to 40¢ per hundred. Milling wheat, 10¢ per bushel. Feed wheat, 10¢ per bushel. Flax, 10¢ to 15¢.

Hay and Straw.

Alfalfa, 12¢ per ton. Timothy, 15¢ per ton. Straw, 40¢ per bale.

Flour.

High patent, \$2.50; straight grade, \$2.70; bakers' No. 1, \$2.80.

PEOPLE PAYING TAXES.

Many Put Off Duty Until Eleventh
Hour.

The county treasurer's office in the City and County building is beginning to show considerable activity, as some 2,000 payments have already been made on the fall taxes. This will largely increase during the month of October. Ordinarily people make provision to pay taxes during the month of October, but many of them will hold the money in their pockets until the last day and minute and undergo the discomfort of standing in line for several hours trying to catch the window to make the payments. The rolls will be closed promptly this year on Nov. 15 and all unpaid taxes advertised after that date.

W. O. Carbis, county treasurer, reports receipts and disbursements for the month of September as follows:

Balance on hand Sept. 1	\$12,129.76
Receipts for September	17,802.54
Total	\$30,002.30
Disbursements	12,076.69
Balance Oct. 1	\$17,925.61

Distributed as follows:

General expense fund	\$25,853.22
County school	2,717.60
State witness and juror fund	1,412.49
Redemption fund	602.28
Bond interest	21,900.00
Total	\$47,575.70

F. L. OSWALD IS DEAD.

Prominent Stockman Passes Away
After Lingering Illness.

F. L. Oswald, mining stock broker and sheep man, died this morning of Bright's disease and heart weakness, at the age of 47. Although he has been seriously ill for only the last two weeks, yet the deceased had been ailing for several years. Death occurred at his residence, 217 East First South street.

A widow and one child survive him. Mr. Oswald was well known among stock men, having for many years been engaged in the sheep business in Idaho.

FIRST POSTAL MESSAGE

P. H. Lannan and Clarence H.
Mackay Exchange Greetings
Over New Line.

High officials of the Postal Telegraph were in the city yesterday and, at the opening of the local office, but owing to the impossibility of getting material for the interior of the office the opening of the office to the public must be postponed for about ten days. Among those in from the east were Vice President William H. Baker and wife of New York, General Superintendent E. J. Nally of Chicago, Superintendent of Construction C. M. Parker of Chicago, and T. W. Carroll, the assistant electrical engineer of Chicago.

While the office is not open to the public, the work is far enough advanced to enable the company to send messages, and P. H. Lannan had the honor of sending the first message out over the new line. It was a message of congratulation to Clarence H. Mackay, New York, facilitating him on the opening of the line. A graceful reply was received from Mr. Mackay. Mr. Carroll is to be located in Salt Lake permanently to have charge of the local electrical work. The other officials will remain for a day or two and then go north to look after their interests in Ogden and other points farther north.

NEARLY OUTWIT POLICE

W. Bowers' Attorney Attempts
to Secure Man's Release
by Habeas Corpus.

There was some tall hustling among the police yesterday in order that they might not lose William Bowers, wanted in Mt. Pleasant, Ia., on a charge of embezzlement. He was given a preliminary hearing there and released on his own recognizance. When it came time for his trial the fellow had skipped out. He was arrested by the Salt Lake police on a telegram from Mr. Pleasant. This morning his attorney petitioned in the criminal division of the district court that the man be released on habeas corpus proceedings, as there was no charge against him here.

The matter came up before Judge Lewis, and Bowers would probably have been set free, but the local police did some hustling. Just in the nick of time they came into court with a warrant for Bowers' arrest on the charge of being a fugitive from justice. The judge then continued the case until 2 o'clock this afternoon. Meanwhile effort will be made to have the prisoner extradited.

TYPHOID GERMS.

The microscope shows that in the blood of every person suffering from typhoid the little germs can be found as shown above. They are supposed to get into the water or milk we drink. The germs multiply so fast that nearly every drop of water about one hundred trillion germs in twenty-four hours. That is why if they ever get into the water supply of a town they multiply so fast that nearly every drop of water comes down with the disease. There are exceptions, however, and they are the persons whose health is perfect, whose blood is pure, and liver active. When the germs get into a healthy body they are thrown off with the other poisons. Recent Chicago statistics show that one-eighth of all the deaths in the past two years in that city have resulted from typhoid.

The best advice we can give is to put the body into a perfectly sound, healthy condition. Be assured that you have rich, red blood and an active liver.

Many years ago Dr. R. V. Pierce, who is consulting surgeon to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., found certain herbs and roots which, when made into an alternative extract (without the use of alcohol), seemed to be the very best means of putting the stomach, blood and vital organs into proper condition.

This seemed to him as close to nature's way of treating disease as it was possible to go. For over a third of a century Dr. Pierce's Golden Medical Discovery has had a wonderful sale and the cures resulting from its use are numbered by thousands. It is a tissue-builder, better than cod liver oil because it does not sicken the stomach, or of the kind that strengthen the body and renews the assimilative or digestive processes in the stomach and puts on healthy flesh when the weight of the invalid is reduced below the normal standard.

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Pierce's Pellets cure biliousness.
